

BLACK OXIDE HEAVY DUTY STRIKING WRENCHES - 6 POINT

Non-reflective black oxide finish for use where non-plated products are required.

Large striking surface for surer blow contact and more efficient transmittal of force to fastener.

Short handle permits use in close quarters.

For use where extreme force is necessary to loosen or set large fasteners.

Heavy box walls provide greater torque transmission.

Straight handle design helps prevent the wrench from cocking when struck.
